

Enjoy FREE HPE servers, storage and networking configuration.

Ingram Micro integration services

Faster, more flexible and completely built-to-order, Ingram Micro's Integration Services are now available to reseller partners at no cost.

Ingram Micro is covering the cost of all Integration Services on HPE hardware, from now through Dec. 31, 2018.

Our facility in Millington, Tenn., can configure any in-stock HPE system within 72 hours. We can even configure your HPE hardware with non-HPE parts.

Services include (but are not limited to):

- Asset tagging
- Imaging
- Option inserts
- Burn-in
- RAID settings
- Rack population
- Mobile, server and rack configuration
- Router, switch and security hardware services
- Image management services

Contact your Ingram Micro sales representative for more details at (800) 456-8000.
